Contractor Service

We understand contract projects are no easy task.

That's why our excellent site management and passion for excellence place us a notch above the rest.

Superior Site Management

Small teams of highly trained fitters minimise our site impact.

Rigorous planning ensures a constant flow of fitouts

Full Site Accreditation

All fitters are fully accredited to work across any UK site.

We're Safe Contractor approved and fully registered members of CSCS.

Outstanding Track Record

We adhere to a high level of dedication, typically working 24/7 to ensure completion.

To date each of our projects has been delivered on time.

Case Studies

Staybridge Hotel, **London**

Completed for the 2012 London olympics, Staybridge is just a stones throw away from the Queen Elizabeth Olympic Park.

Designed for a clean, modern look Staybridge featured small, modern kitchenettes. Our biggest challenge was maintaining consistent delivery of parts at one of the busiest locations in London 2012.

Sandiacre, **Nottingham**

Located in a renovated Victorian lace mill south of Nottingham, the project vision was combining 19th century architecture with a modern finish.

With an install rate of nearly two kitchens a day, our rolling programme ensured that site planners could shorten the building finish date.
